About Authors

About Author:

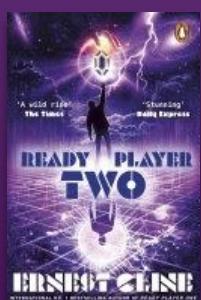

Ernest Cline – The mastermind behind Ready Player One 🎮! His sci-fi stories blend '80s nostalgia, virtual worlds, and epic adventures, making every page a geeky thrill ride! 📖✨

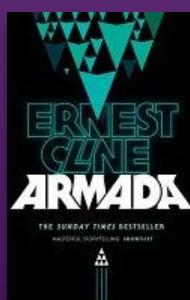

Ernest Cline is a bestselling sci-fi author known for blending futuristic tech with pop culture nostalgia. His debut novel, Ready Player One (2011), became a global sensation, set in a dystopian future where people escape reality through a vast virtual world called the OASIS. The book was later adapted into a blockbuster film by Steven Spielberg.

Cline followed up with Armada (2015), a thrilling alien invasion story with heavy gaming influences, and Ready Player Two (2020), the sequel to his iconic debut. His writing is packed with '80s references, geek culture, and thrilling sci-fi adventures, making him a favorite among gamers and sci-fi fans alike. 🎮📖
